

# EDUCATION IN THE CZECH REPUBLIC

INTERNATIONAL FOOTBALL ACADEMY

UNIVERSITY EDUCATION

LANGUAGE COURSES

SUMMER CAMPS

INTERNSHIPS

**Dear Partners,**

The International Union of Youth (also known as MSM - Mezinarodni Svaz Mladeze) is the worlds leading provider of educational services in Prague, Czech Republic. Offering university degrees, foundation courses, internships, language and unique football camps - every year we host students from all over the world in the heart of Europe.

This brochure provides important information on the ways in which it is possible to enjoy cooperation with The International Union of Youth, and how to utilise the services offered by the Company. Here you can find a detailed description of our organisation, our programs and the promotional activities which we conduct.

Currently our aim is to build up relationships based on trust, with agents, schools, universities and colleges in English-speaking countries. Our company is dedicated to serving customer needs. We believe that partnering with these educational institutions abroad will help us to deliver high-quality results to our clients, assist our partners in achieving their missions and provide a measurable, effective, and accountable impact on development. By fostering relationships with a variety of schools and education providers in English-speaking countries, and by focusing on the student's desires and preferences, we can best serve our clients' specific requirements concerning both the programs they wish to attend and degrees they wish to receive.

The International Union of Youth (MSM) has been operating in the Czech Republic since 2007. During these years, we have developed a variety of educational, cultural and entertainment programs for our students, and created close mutual partnerships with various universities in Prague. Consequently, we would also be glad to establish cooperation with educational organisations in the field of exchange programs, and offer their students “Semester Abroad” or “Full-Academic Year Abroad” programs, which would take place in the heart of Europe – Prague.

In addition to this, The International Union of Youth (MSM) organises sports camps and simple entertainment summer programs, which could also be of interest to students. The International Union of Youth believes that cooperation with our prospective business partners will encourage ongoing systemic improvements to society through the creation, preservation and dissemination of knowledge.

Director MSM  
Yevgen Kolesnyk

A handwritten signature in black ink, appearing to read 'Yevgen Kolesnyk'. The signature is stylized with long, sweeping lines.

The company has been founded in 2007 and since then has focused on the education of students around the world as its main priority. Today we work with over 2,000 students every year and offer a wide range of educational programs in the Czech Republic.

MSM has branches in the Russian Federation, Ukraine and Kazakhstan which work with many partners throughout the country, while our

main office is located in Prague, the Czech Republic.

We provide counseling services, educational assistance, visa support and immigration advice; offer accommodation, insurance and transfer from the airport; organise cultural programs, entertainment and travel. We have short summer programs which are aimed at familiarising students with the Czech language, visiting main sightseeing

sites and getting to know Czech culture. In addition to this, we offer long-term programs, for either half a year or a full academic year, the main goal of which is to learn the Czech language and pass entrance exams to universities.

We cooperate with a variety of institutions in Prague that offer foundation programs and full degree programs in both the English and Czech languages.

MSM also organises unique sports programs (football and hockey camps). These programs combine such training with language courses. Our football summer camp is focused on fostering basic language knowledge alongside training on the premises of the best football club in the Czech Republic – Sparta ([www.sparta.cz](http://www.sparta.cz)), a regular participant in the Champions League, the Europa League, the Football Association of the Czech Republic ([www.cmfs.cz](http://www.cmfs.cz)) and a partner of Nike.

Mezinárodní Svaz Mladeže  
The International Union of Youth

## Our mission:

MSM "Education in Prague" project provides essential information, consultations and preparatory assistance for young people who would like to learn more about the education system in the Czech Republic and plan to study in its prestigious state and private universities. In addition to providing the highest academic standards, MSM also aims to give students an accurate account of Central Europe culture. Since the time of its foundation, MSM has succeeded in this mission.

## Programs offered:

Summer language camps  
Summer sports camps  
Three month language courses  
Half-year language courses  
Full-year language course  
Examination Preparation Courses (IELTS, TOEFL, etc)  
Foundation programs  
Exchange programs  
High school education  
Bachelor's degrees  
Master's degrees

## Our priorities are:

To offer the most efficient preparation for the most reasonable prices;  
To provide a complete information service;  
To answer any questions about residence in the Czech Republic;  
To assist with enrollment;  
To guarantee constant contact with students.

## THE CITY OF PRAGUE

Prague is an outdoor museum filled with a rich heritage of art, architecture, music and history. The city centre is a medieval network of narrow cobblestone streets which will transport you back to the magical atmosphere of old Europe.

Prague was off-limits for Western tourists for 50 years. After the Velvet Revolution in 1989, Prague opened up again as the capital of a sovereign democratic nation. Today this "City of a Hundred Spires" has regained its full splendour.

Students in Prague have an opportunity to take full advantage of this marvellous city and its many possibilities. During the first semester students will get a genuine feel of this unique European capital and its people, customs, culture, cuisine and history.

## Downtown

Prague's downtown area is well-known for its maze-like winding streets, old churches and stunning squares. You can find Czech dishes in most restaurants, but Prague also offers many types of ethnic cuisine, from Italian and French to Thai and even Mexican! An average meal, including a drink, costs around 150-200Kc. If you want to save some money but still enjoy delicious food, just take the metro and visit some of the restaurants outside the city centre. A preserved city centre such as in Prague is a rarity in modern Europe. Its architectural heritage includes an array of styles such as romanesque, gothic, baroque, neo-renaissance, art nouveau and cubist. The city is surrounded by dozens of castles, chateaux and historic ruins.

Prague can boast many buildings by renowned architects, including Adolf Loos and Jean Nouvel. Among contemporary buildings the most world-renowned is the Dancing House, designed by Canadian architect Frank Gehry in 1992. Due to its glorious architecture, the Historic Centre of Prague was included into the UNESCO World Heritage Site as the largest urban monument in the world.

## Transport

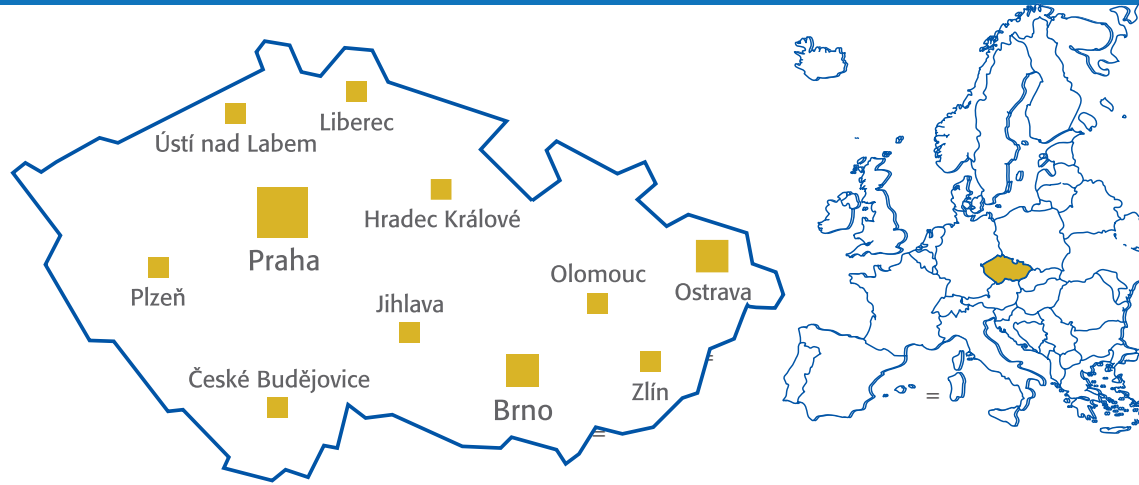

Prague has one of the best public transport systems in the world. Its network of metro-trains, trams, buses and boats (yes, boats!) makes it one of the most convenient cities in Europe to travel around.

A Prague resident can get anywhere in the city, at any time, without using a taxi. There is one very helpful website – [www.dpp.cz](http://www.dpp.cz) – which can provide you with a schedule for all means of transport, including the night transport system. A handy way to look up how to get to your destination! Furthermore, all students are provided with a transport ticket for all types of transport during their stay.

## Outdoors

Prague is world-renowned for its parks and outdoor spaces. The city centre is surrounded by large green spaces perfect for walking, playing sports, reading and relaxing with friends. Most parks have cafes and picnic areas. A popular leisure activity in Prague is to take a walk along one of the picturesque bridges across the Vltava river. In addition, Prague offers a wide range of opportunities for hiking, with excellent trails right within the city limits.

## Facts about the Czech Republic:

Location	Central Europe
Borders with:	Austria, Germany, Poland, Slovakia
Language:	Czech
Area:	78 866 km <sup>2</sup>
Population:	10,51 million people (2012)
Head of State:	President
Capital:	Prague
Currency:	Czech crown (Česká Koruna)
Time Zone:	CET (UTC+1), CEST (UTC+2) • Summer (DST)
Climate:	Temperate continental
Local specialties:	Forbidden to smoke at bus stops and in some public places (fine 1,000 Kc)
VAT:	25%, with the possibility of a refund when leaving the country
Tips:	5 - 10% is normal

## Architecture

The architectural heritage of Prague includes an array of styles such as romanesque, gothic, baroque, neo-renaissance, art nouveau and cubist. The city is surrounded by dozens of castles, palaces and historical ruins. Prague is proud to have buildings designed by renowned architects, including Adolf Loos and Jean Nouvel. Among more contemporary buildings is the world-renowned Dancing House designed by Canadian architect Frank Gehry in 1992. Modern art is represented by works of the famous and controversial Czech artist David Černý.

## Cultural Entertainment

To find out more about rich art heritage, you can visit one among many of museums and theatres. Prague museums and art-galleries bring to life the history of the city, the times of Charles IV and Jewry, Nazi occupation and Communism. These days every night of the week there is a ballet, symphony, opera, dance or drama performance to attend in Prague. Students can purchase most theatre tickets at cut rates.

## Theatre

For centuries Prague has been an international theatre center. The city is full of historic theatre halls. Mozart premiered two of his operas in the beautiful Estates Theatre in Old Town. Nowadays there is a ballet, symphony, opera, dance or drama performance to attend any night of the week in Prague. Students can purchase most theatre tickets at discounted rates. For example, students can book last-minute tickets for a ballet or opera performance to the National Theatre for the appealing price of 100Kč. Prague also regularly attracts excellent musicians and artists from all over the world to give concerts here.

## Outdoor Markets

If you're looking for a trinket, a gift or just a very special atmosphere, head to one of the Prague's outdoor markets. The Christmas and Easter markets are the most famous, and rank among the best in Europe. The Old Town Square draws the biggest crowds, with over 100 vendors selling hand-made goods and delicacies. For food markets head for Namesti Miru or the Vltava river bank on a Saturday morning.

## Sports

Of all sports in the Czech Republic, soccer and ice hockey are indisputably the most popular. Both are represented in Prague by two rival teams - Sparta and Slavia. Sparta players have made their contributions to the greatest achievements of the Czech national team. Both teams are regular participants in the Champions League and European League. The International Football Academy in Prague works together with the Football Association of the Czech Republic and the best football club in the Czech Republic – Sparta Prague ([www.sparta.cz](http://www.sparta.cz)).

## Prague Zoo

The Prague Zoo is by far the city's best kept secret. Despite being named the World's 7th Best Zoo by Forbes magazine, most tourists (and locals) never find the time to visit this paradise just north of the city centre. Unlike most zoos, the animals here are kept in open-air environments that are as natural as possible. Visitors are transported into a world which is entirely different from the city just beyond the gates. Don't miss it!

Prague has some of the oldest universities in Europe, such as Charles University. Founded in 1348, it was the first university in Central Europe, east of France.

Today it is one of the oldest universities in Europe in continuous operation, and ranks among the world's best universities. Czech state university diplomas are highly valued around the world for their level of education.

Supported by the government, all universities offer free education to young people willing to study.

Education in universities in the Czech Republic is available for those with a completed secondary education certificate who have successfully passed the entrance exams. Entry conditions are different for each institution, yet all require knowledge of the Czech language to at least B2 level.

### Benefits of Czech state universities:

- Free education in the Czech language
- Wide choice of Bachelor's and Master's degrees in all areas of study
- Cheap accommodation in university dorms
- Student privileges – with a confirmation of enrollment from the university, a student obtains a 50% discount on public transport passes, as well as discounts in many restaurants, cinema, museums, concerts etc. Almost every event has a special price for students.
- Enrollment at a state university also allows students to receive a long-term residence permit in the Czech Republic.

### Studies:

- Bachelor's degree – 3 year programs, basic knowledge in a certain field of study;
- Master's degree – 2 year specialised program;
- Doctoral degree.

The education system in Czech universities is based on a credits system. For a bachelor's degree, students usually need to earn 180 credits, with an average rate of 30 credits per semester. Students compose their own schedule based on the subjects they wish to study in each term.

There are three categories of subject: compulsory, semi-compulsory and non-compulsory. In their first year, students receive a list of subjects which they are required to study, along with another list from which they must choose from a certain number of subjects. Other study options are available for students who wish to study these outside the curriculum.

## How to apply?

There are three essential requirements in order to apply for free education in Czech state universities:

- Secondary school education diploma;
- Age 17 – 26 years;
- Czech language ( level B2 ).

Czech Technical University  
in Prague

Founded in **1707** by the Austrian Emperor Joseph I, the university currently has more than 24,000 students enrolled in seven faculties and three research institutes, covering a total of 14 bachelor's programs, 23 master's programs and 15 PhD programs. Many of these programs are taught in English, including joint-degree programs with foreign universities. The University has built up strong bonds with its industrial partners, including important world-class players such as Toyota, Skanska, Bosch, Siemens, Honeywell, GE, Rockwell, ABB, McKinsey, DaimlerChrysler, and Skoda-Volkswagen.

University of Life Sciences

Established in **1906**, the Czech University of Life Sciences offers high-quality education and prestigious degrees and certificates to its Czech and international students. The university hosts more than 20,000 students. In 2006 it celebrated its centenary. This university has the largest and one of the best faculties of economics in the Czech Republic with over 14,000 students. Over 1,000 students study in English language. University partners with world's leading companies in finance and business areas.

Charles University

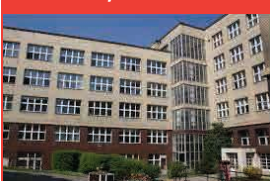

Prague has some of the oldest universities in Europe, such as Charles University. Founded in **1348**. Today this is one of most notable educational institutions in Europe and ranks among the best in the world. Charles University offers degrees in medicine, law, humanities and linguistics, as well as other subjects as history of arts, phylosophy and religious studies. The university partners with many international organizations and offers students best opportunities in life.

Institute of Chemical Technology

This university was founded in **1952** and since that time has been one of the leading research centres in Central Europe. Its tradition, combined with progressive fields of study and an excellent international reputation, allows every student to become familiar with advanced technologies and make use of foreign student exchanges. It also offers the prospect of a prestigious and highly remunerative professional career either in the Czech Republic or abroad.

University of Economics

The biggest Czech state university of economics, with almost 20,000 students , certified with the "ECTS label" and "DS Label" by the European Commission, ranked by the Financial Times , and appraised by the Eduniversal Ranking as one of the best business schools in Central and Eastern Europe. Their two Master's degree programs were certified with EPAS accreditation by EFMD. VSE cooperates with more than 200 partner universities, is a member of numerous international organisations and networks such as CEMS and PIM, and has a superb-quality study environment.

Academy of Performing Arts

The Academy of Performing Arts (FAMU) is a university school of music, dance, drama, film, TV and multimedia studies. It was founded by the Presidential Decree of October 27, 1945. FAMU is a founding member of CILECT (World association of film schools), of the European League of Institutes of Arts (ELIA), and of the European Association of Cinema and Television Schools GEECT. It is the fifth oldest film school in the world.

This preparation course is conducted on the campus of Czech University of Life Sciences in Prague (ČZU) at the faculty of Economics and Management, or the Czech Technical University in Prague (ČVUT).

Besides the Czech language, students study English in small groups, (up to 15 people) which will be an additional advantage when they apply to the university. Courses are taught by experienced, qualified professors from ČZU and ČVUT.

This language course is intended for those who wish to apply for entrance into universities in the Czech Republic. A diploma is provided upon completion of the course, and with possession of this certificate, many universities do not require an additional examination in the Czech language upon entrance.

The International Union of Youth (MSM) helps students to get accustomed to life in a foreign country, providing support 24/7 for any who may be lost or ill. A variety of events and trips will help them find new friends and explore Prague throughout their first year in the Czech Republic.

### We provide the following services:

- Assistance with collection of documents for the embassy and filling in a long-term visa application form to the Czech Republic: from our side we provide all necessary documents (confirmation of study and confirmation of accommodation);
- Registration with the foreign police for international students during the first 3 days;
- Consultation on your chosen schools in the Czech Republic;
- Assistance with the application form to your chosen university;
- Consultation services on universities.

After this course, students pass an exam and receive certificates according to their level.

### The purpose of the Academy is:

- Pre-training of professional football players who wish to audition for football clubs in the Czech Republic. Training for young players who would like to find out more about professional European football training and learn high level skills and techniques. Personal coaches of the MSM International Football Academy develop training and dietary plans tailored to each trainee.
- Participants of the MSM Football Academy have priority in auditions to join Slavia throughout the year! The

training process is followed by specialists from the club, who carefully choose possible candidates for signing professional contracts. Specialist host coaches and assistants bring diversity into the training process and carefully follow all players to see if some may potentially join their club.

- As the Czech Republic is a member of the European Union, it is a great chance for you to start your career as a professional football player in Western Europe. Members of the program have the chance to play in official league games and local

The International Football Academy in Prague brings young people from all over the world together in a united passion for football. What is more, in our programs we welcome both professional and amateur players on an equal basis. The MSM International Football Academy complies with the highest modern sport standards. Our special ingredient is our team spirit and individual approach to every member, which guarantees success for both beginner and professional players. We give equal care to the highest level of training and to the achievement of the best possible results.

tournaments in the Czech Republic, and will in all probability also be able to take part in international competitions.

## Coach Martin Frydek

His first appearance took place in 1990 as a part of the Sparta team – the first top-level football club in Czechoslovakia (later Czech Republic). He scored 177 points and 27 goals for Sparta during 7 years with the team. He took part in the European Cup Championship semi-finals, and in the quarter-finals of the Cup Winners' Cup.

After the European Championship in 1996, Martin left for Germany, where he signed a contract with Bayer Leverkusen. In European cups, he participated 18 times in the League of Champions, and 12 times each in the UEFA and Cup Winners' Cups.

All of us want to enjoy a perfect summer, and what can be better than travelling? Spending the summer in Prague can be one of your best choices this year.

## MSM offers students a number of options during their summer:

- Foreign language courses: Czech, English or German for individual travellers, other European languages available for groups.
- MSM Football Academy: learn to play from professionals with the №1 Czech football club AC Sparta Prague.

Both language and sports programs include a rich cultural program – in 30 days students can explore the most beautiful parts of Prague, learn a new skill, and get to travel all around Europe!

During the summer, students can not only improve their knowledge of foreign languages, but also learn more about the history of the Czech Republic, Germany and Austria, visit many new and interesting places and take part in sports events.

Every year thousands of students come to Prague to receive a high-quality education, relax and have fun. Prague offers many fascinating activities: **city tours, museums, boat trips, a world-famous zoo, an aqua-park, beach volleyball, live music, street festivals and many other events.** The city is located in the heart of Europe and is very close to many other famous European cities. One-day **trips to Berlin, Vienna, Dresden and Munich** are popular among tourists, allowing you to visit more than one city in one trip.

During your stay, the International Union of Youth (MSM) will organise a cultural program, entertainment events and trips to foreign countries. Travelling is one of the greatest excitements that you can have! The Czech Republic is located right at the heart of Europe, which makes travelling to other cities easier and more affordable than anywhere else. Here is a quick overview of destinations and trips which we organise as part of our program:

### Berlin

Berlin is the capital of Germany and a well-known centre of modern European history. It is one of Europe's most energetic cities, hosting a wide array of museums, art galleries, theatres and music halls. Many young Germans and international artists move to settle in this city, as Berlin has proved itself a globally-popular centre

centre for youth in Europe.

Berlin is a city with an inspiring history, and undoubtedly one of the most progressive and impressive cities in the world. Many large European or international organisations have their head office in Berlin, and it is renowned as the hub of German and international business, politics and culture.

### Dresden

Dresden is another city with an impressive background which is definitely worth a visit. The city was completely destroyed in the Second World War and the historical centre had to be carefully rebuilt based on old maps and plans which remained. Until the 1990's, Dresden was a part of East Germany and rejoined the rest of the country after the fall of the Berlin wall. Based on the banks of the Elbe River, the city is full

of forests, gardens and parks, making it one of the greenest urban centres in Europe.

Dresden was home to Wilhelm Wagner, the opera composer who worked here in the 1800s. Today independent opera-houses continue his art by hosting classical and modern shows on their stages. Art aficionados will fall in love with the Gemäldegalerie Alte Meister (Old Masters Picture Gallery) and the Grünes Gewölbe (Green Vault) museum.

## Vienna

Vienna is a city of almost 2 million citizens, and since its foundation in the 11th century, it has been portrayed as the bridge between a thousand cultures. Vienna is situated on the Danube River, not far from the Alps. It is important to remember that Vienna lies at the heart of the EU, and for this reason could be described as a crossroads between North, South,

East and West. A visit to a neighbourhood coffeehouse might seem quite mundane to a foreigner, but is a special ritual and a part of their culture for the locals. It is very easy to get used to these palatial yet welcoming cafes, as well as their delicious coffee and Sacher cake – a luscious national desert. After such an experience, your local cafes seem beyond comparison. Between coffee breaks, visitors should explore Vienna's Schonbrunn and Imperial Palaces. Another event you cannot miss is, of course, a concert in the world-renowned Vienna State Opera House.

## Karlovy Vary

The town of Karlovy Vary is situated about 120 km from Prague and is a world-renowned health resort hosting the best and most famous spas in the world.

This town was founded by Charles IV in the XIV century. According to the legend, the emperor built the city after the accidental discovery of the thermal springs.

From the XVI century this spa centre was honoured by the visits of many noble families and wealthy citizens. One of the most popular social events in Karlovy Vary is the International Film Festival, which attracts professionals and Hollywood stars as well as amateurs and movie fans.

Karlovy Vary also often features as a location for famous films, and many of their best scenes have been shot in the city streets. Casino Royal, one of the James Bond movies, is a striking example.

**MSM** can prepare an exclusive summer vacation for your children, combining an active holiday with a comprehensive educational program.

Students will be based in Prague, the capital of the Czech Republic, often called “the heart of Europe”. From here it is easy and fast to travel to most European cities, and this program uses the possibility to its full advantage.

### Schengen visa – travel freely around Europe!

As the Czech Republic is a part of the European Union, it requires a Schengen visa which allows travel around most countries in Europe.

### Cultural program:

Welcome Party;  
Orientation program in Prague;  
Guided tour in Prague  
(Prague Castle, the Charles Bridge);

# 7 INTERNSHIP IN HOSPITALITY BUSINESS

We offer a 1-month summer internship in the hospitality business. The course will take place in The Czech Association of Hotels and Restaurants. Students will be offered employment in some of the best 3-4-5\* hotels in Prague. There are also great opportunities to gain English language practice throughout the course.

ASOCIACE HOTELŮ  
A RESTAURACÍ  
ČESKÉ REPUBLIKY

CZECH ASSOCIATION  
OF THE HOTELS  
AND RESTAURANTS

## Course program:

Reception - How to treat the guest in a professional way.

Creative marketing - Find new ways to make your marketing more creative and be ready!

F&B Management – The restaurant could be an important part of your income!

Effective Sales & Marketing - This course will show you important sales and marketing activities are for the hotel and travel industry.

## Reception

How to treat the guest in a professional way. How to be a real, professional receptionist! No matter where, no matter who, the essence is the same. How to manage guest complaints and still keep smiling.

## Creative marketing I

Find new ways to make your marketing more creative and be ready! We will show you how useful social networks can be! Be prepared, and use these networks in the right ways. During these classes the importance of reviews and how to use these reviews in your marketing will be also discussed. A part of these classes is also focused on the Hotelstars Union project (official European star system).

## Creative marketing II

Be ready for dealing with the use of Daily deal sites! To deal or not to deal? Find the answers to this question! We show you what the benefits and risks of this business are.

## F&B Management

The restaurant could be an important part of your income! How to plan pricing, how to promote, and how to create a modern menu. Be a professional! Optimise your storage!

## Effective Marketing & Sales

This course will show you important sales and marketing activities for the hotel and travel industry. The course is based on real experience and contains a great deal of practical information. You will learn how to find the right sales channels, how to get your company website into the top positions, and how to work with both pricing and products.

### Internship at the Czech University of Life Sciences in Prague or at the Czech Technical University.

Groups of 12-15 people, from 1 to 4 weeks.

If you have decided that IT is something you want to do for a living, then you will find this internship very useful for your future career. The program is equally useful either for students of higher education institutions or for working specialists looking forward to broadening their experience. This internship program will make a valuable addition to the CV of any IT specialist. It will help improve your current skills and build upon them with the latest knowledge in information technology from Czech scientists and specialists.

An internship abroad in itself will improve your qualifications, as an internationally experienced specialist. It will also give you the chance to explore a foreign culture in more depth than would ever be possible as a tourist. Learn about new mentalities and habits, and explore new methods and means of IT in a different environment.

Program description: aimed at professional growth of specialists and students from relevant universities wishing to obtain additional experience during an internship abroad, and looking to improve their current knowledge and skills.

### Internship on the campus of Charles University

Charles University was founded in 1348 by the Emperor Charles IV and ever since then has provided the highest standards of education in Central Europe. The university uses the latest modern education techniques, making studies more interesting for students and motivating them towards gaining the skills they need for their future careers. It has proved itself to be one of best educational institutions and boasts alumni such as Albert Einstein, Tomas Masaryk (first president of Czech Republic) and Jan Hus. Groups of 12-15 people, from 1 to 4 weeks.

### An Internship at Charles University will allow you:

- to raise your professional level;
- to gain invaluable practical experience;
- to improve the skills essential for your career;
- to gain new qualifications;
- to improve your knowledge of foreign languages.

**SAMPLE PROGRAM:** The main aim of this internship is to increase the professional level of teachers and students of the higher educational institutions, who wish to gain additional experience while training abroad, and improve their current knowledge, qualifications, and work & language skills.
