

Half-Year Czech Course

preparation for admission to the art schools of the Czech Republic

5 reasons to study in the Czech Republic

Free education

Higher education in the Czech Republic for foreign students in public universities is free! It is enough to know the Czech language at the proper level.

Flexible education system

Students themselves make a schedule of compulsory and optional subjects. The choice of majors is numerous, it varies from an art performance to a photography restoration.

Latest trends in art

Art universities in the Czech Republic keep up with the trends and offer a very wide range of options to study.

Experienced teachers

The teaching staff of universities consists of professionals in their field. Often professors are well-known figures of culture and art.

Creative career

The Czech Republic is home to the world's largest employer for arts graduates – the Barrandov Studio.

Course start: January

You will improve your level of Czech and prepare for a university admission

The process of admission to art specialties in the Czech Republic is one of the most difficult, however this area of study is included in the list of the most interesting and practice-oriented.

MSM coordinators will help you with the preparation of all applications for submission to the university, including motivation letters, portfolios and resumes.
