

# Half-Year MSM Course

Apply for Humanities

## 5 reasons to study in the Czech Republic

### Reliability

With the International Union of Youth more than 2500 students have graduated from preparatory programs since 2007. 98% of them have successfully entered Czech universities.

### Professionalism

All lecturers on the course are not only native speakers, but also highly qualified educators and specialists in their field.

### Comfort

MSM provides comfortable accommodation in the student residences within European standards.

### Support

MSM coordinators will accompany you throughout all program: from meeting at the place of arrival to entering the university.

### International environment

Preparatory programs are popular among a wide variety of nationalities: you will study in an international environment and make many useful contacts around the world.

Mezinárodní Svaz Mládeže  
The International Union of Youth

Start of the course: January

Improve your English and study specialized subjects for successful admission to the humanities specialties.

Graduates of the humanities faculties successfully work in the fields of: management and communication, education, law, psychology, marketing, political science and media.

The MSM course provides specialized training for humanitarian specialties.

### Easy application

School exam results and grades do not matter for admission to the MSM course.

(humanities specialties)

## 3 reasons to choose the Czech Republic

### Study in the center of Europe

Prague is the heart of Europe. This location gives you an opportunity to travel freely to the Schengen countries.

### Low cost of living

Tuition fees are 40% lower than in other European countries. Real estate, food and transport costs also remain among the lowest in the European Union.

### Flexible program

You can take a paid internship in one of the partner companies or go to study at one of the foreign universities as an exchange student.
