

One-Year Course MSM

Apply for the technical specialties

5 reasons to study in the Czech Republic

Highest salaries in Europe

The Czech Republic's technical specialists are among the highest paid in all of Europe.

Working in an international company

90% of graduates of universities in the Czech Republic at the time of receiving their diploma already work in international companies (Microsoft, Siemens, Renault and others).

Students are in-demand

Technical universities in recent years have been experiencing a shortage of students, so they are happy to accept foreign applicants.

Flexible exchange programs

You can take a paid internship or go to study at one of the partners of university.

Recognition of diplomas

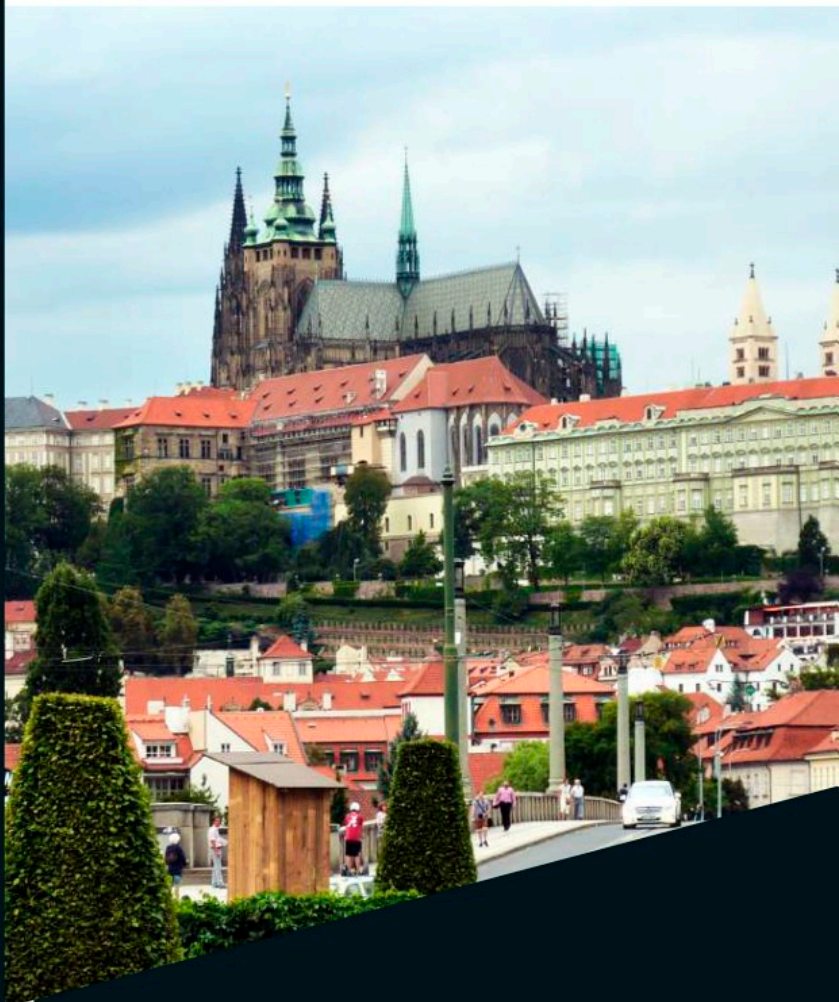

The Czech Republic recognizes school certificates and university diplomas from abroad, thereby allowing you to continue your studies at local universities.

Mezinárodní Svaz Mládeže
